

What happens when you get 'Styled by Susie'?

For many of us, knowing which styles of clothes, make up and what colours are best suited to us is not always easy to know,

or if the latest fashions are going to bring out the best in us.

Luckily help is now at hand on our doorstep so there will be no more excuses for us leaving our homes and looking very unstylish. I met up with Style Coach Susie Hasler to learn about my body shape and what colours are best suited to me.

Susie moved to Edenbridge in 2006 and has enjoyed being part of the local community. Since giving up her original career with the birth of her son, she has now turned her hobby into a business.

Susie is a graduate from the Style Coaching Institute where she learned all the skills to be able to launch herself into her new career of becoming a style coach. She created her own brand, 'Styled by Susie' and has been helping people look good and feel good all over the area. A style coach is not a fashion adviser but someone who can teach you how the right style can really help boost confidence.

You might think clothes are clothes - but you'd be wrong. Have a session with Susie and she will determine your body shape and be able to advise on the best styles and cuts to

suit your individual shape, how to emphasise the best features and draw attention away from the not as good ones. She will also explain why certain cuts just will not suit a particular body shape.

During the consultation Susie will also work out your colour scheme - you could either be a Spring, Summer, Autumn or Winter and it's not until you see the colours next to your face that you can see exactly how even simply a colour can either lift your complexion or drag it down.

Susie's relaxed and friendly approach to Style Coaching made the session thoroughly enjoyable and fun, with much laughter throughout.

Susie also offers a wardrobe de-clutter service and personal shopping experience if you want to ensure there is nothing that could potentially do you an injustice in your cupboards.

Alternatively, why not have a Style Party - the most popular of Susie's services. For between 4 and 6 people (and Susie can style both men and women), have a fun afternoon or evening together and Susie will identify everyone's body shapes and colour schemes. Everyone leaves with information about the types of clothes they should be wearing and a print out of their colour chart. These parties cost £15 per person and if anyone would like a fabric colour swatch it is an additional £10.

So, by just knowing which styles to stick to and which colours to wear, you don't have to keep up with the latest fashion trends to look good.

Contact Susie on **07970 313 823** to book a consultation, style party or simply to find out more. You can also get hints and tips from Susie by following page at www.facebook.com/StyledBySusie
