

More than Just Mortgages in this new High Street office!

**Just
mortgages**

and so much more...

If you've been into the High Street recently you may have noticed a new office opening up in the centre of town. Just Mortgages is an already existing thriving business which has re-located to Edenbridge. On offer is so much more than mortgages. The lady behind the business is well known and long-term Edenbridge

resident, Phyllis Lawrenz, who has been living in the town for the past 35 years.

Many local residents will remember Phyllis from years ago as she spent many years working as a mortgage adviser on the High Street in a couple of the well known banks.

Phyllis decided to take the bold step to start her own business in the profession in which she has become so successful. Phyllis provides expert advice on not just mortgages but everything associated with buying a house, to providing a bespoke service. It was always very much on Phyllis' mind to come back to Edenbridge, the town where she grew up, and having the right premises was the key to doing that and so Just Mortgages evolved.

Phyllis is supported in her new venture by

her experienced team who provide fantastic support for both her and her clients.

Just Mortgages isn't about providing 'just mortgages', it also offers a wide range of financial services and protection products. Phyllis says "Buying a house is the biggest financial commitment you will ever make and at Just Mortgages we understand that. We want to make sure that if the worst happens to you and your dependents you will always be able to keep your home".

With the recent introduction of the Mortgage Market Review, there are many more factors that lenders now take into consideration. "We have access to many lenders, some you will have heard of and some not but our role has become increasingly more important. It can seem like a challenge to know what is actually required for a mortgage but with our expertise, dedication and flexible appointment times we believe that we can take away the stress of purchasing your own home or re-arranging your current mortgage. We can visit all of the High Street Lenders in under an hour!" says Phyllis.

Why not call into the office to make an appointment, whether it is for a property you are thinking of buying or re-visiting your existing mortgage & protection arrangements. Call Phyllis on 01732 865 555 or visit the office at 61 High Street, Edenbridge TN8 5AL.
